

County Cork Irish Coffee

Ingredients

1 1/2 (one and one-half) ounces Jameson Irish Whiskey

4 ounces hot black coffee

1 teaspoon brown sugar

Low-fat Cool Whip, whipped cream or soy whip

Method

Preheat Irish-coffee goblet or heat proof mug by pouring boiling water in it. Set aside for two minutes and pour out water. Add whiskey, coffee, and sugar. Stir to dissolve sugar. Top generously with a dollop of Cool Whip. Don't stir. The idea is to sip the coffee through the cream. Yields one serving.
